

WILSON DELIVERS REPORT TO BRYAN

Ambassador's Report Reviews Mexican Revolution Since Overthrow of Diaz

IS GIVEN TO PRESIDENT

Secretary of State After Long Conference with Ambassador Gives Report to Pres. Wilson

CONFERS WITH DEL VALLE

WASHINGTON, July 26.—President Wilson had before him tonight the report written here today by Ambassador Henry Lane Wilson on conditions in Mexico from the time that revolution overthrew the reign of Porfirio Diaz, through the stirring events of the Orozco revolt, the downfall of Madero and down to the establishment of the Huerta regime, a period of three years. This report was transmitted to the president tonight by Secretary Bryan, who had spent the greater part of the day in conference with Ambassador Wilson. The president expects to examine the report before Monday, when he will confer with Ambassador Wilson on a possible solution of the present difficulties.

Secretary Bryan in sifting the mass of varying information that has reached Washington from all parts of Mexico, did not confine himself to official channels for as soon as Ambassador Wilson left the state department, Reginald H. Del Valle of Los Angeles, Calif., whose identity as an agent of the government has been variously stated and denied in official circles, appeared in Mr. Bryan's office.

Held Secret Conference.
For nearly an hour after Ambassador Wilson left Mr. Del Valle was closeted with Secretary Bryan and much secrecy was manifested as to the nature of the conference. Mr. Bryan was absolutely silent, declining to state how long he had known Mr. Del Valle or anything of the character of his mission in Mexico.

Mr. Del Valle afterwards admitted he had spent nearly two months in Mexico traveling through the trouble zones and had presented a full report of conditions everywhere in the republic. He said he had been a political acquaintance of Mr. Bryan and had been at one time a state senator in California. Able to speak Spanish, Del Valle, who is of Mexican ancestry though born in the United States, had little difficulty, he said, in making his way through the territory held by the rebels as well as the federals. He declined to state the results of his explorations, nor what he thought of the situation, but spoke highly of some constitutionalist leaders in Sonora whose names were mentioned to him.

By Del Valle came up from Mexico City on the same steamer with Ambassador Wilson and arrived in Washington on the same train. That they had little in common was apparent from Ambassador Wilson's remarks earlier in the day that he did not think the government had exhibited courtesy toward him in sending unofficial representatives to investigate conditions in Mexico. He spoke caustically of the methods pursued by both Del Valle and William Bayard Hale, a personal friend of President Wilson, in obtaining information. In fact the ambassador said he had been told by a legation official in Cuba that Del Valle had a copy of the state department code in his possession, an impropriety for an unofficial representative in the ambassador's view.

While the ambassador expressed his views on Mexican affairs quite freely early in the day and before he reached Washington, he began tonight a policy of reticence. He said he had been asked by Secretary Bryan to refrain from discussing the situation and would abide by the wishes of his superior officer. In fact the ambassador expressed doubt as to the accuracy of some published statements attributed to him criticizing suggestions of the Washington government for the establishment of peace in Mexico. He also manifested a solicitude about future quotations.

Has Not Changed Views.
The ambassador was not willing to say what he had written in his report but declared that he had not altered his views on the Mexican situation since coming to Washington or after his talks with Secretary Bryan. He said it was true he had at various times suggested the advisability of recognizing the Huerta administration.

It is understood the ambassador's report deals extensively with the economic as well as the political situation in Mexico. It was said on good authority that he pictured a gloomy condition in financial circles in the southern republic, pointing to several big banks as being on the verge of bankruptcy and ruin and a general condition of distress in business circles. It is declared the ambassador spoke of the continuous deficits both of the national treasury and of the railway systems and estimated foreign losses as quite heavy.

THREATENED STRIKE WILL NOT BE CALLED

TRAINMEN AND EMPLOYERS AGREE TO ARBITRATE UNDER NEWLANDS ACT

Sign Articles After Road Managers Withdraw Proposal That Their Own Grievances Against the Men Should Be Arbitrated.

NEW YORK, July 26.—The threatened strike of 80,000 conductors and trainmen of forty-five eastern railroads for higher wages and improved working conditions will not be called. Articles of agreement to arbitrate under the Newlands act the questions at issue were signed to day by the employees' representatives and the conference committee of railroad managers.

The agreement was not reached until the managers had withdrawn the proposal that their own grievances against the men also should be arbitrated. This claim, the managers said to day, they had relinquished "to protect the public" from a tie-up which the employees intended to force if the railroads persisted in pressing their point.

"To day's peaceful outcome of the dispute was the result of efforts made by the board of mediation and conciliation recently created in the hurriedly passed Newlands act to meet the situation. With the elimination of the eight grievances for which the railroads desired consideration the articles of arbitration comprise without alteration the sixteen original demands presented by the conductors and trainmen. The only point gained by the railroads was a provision that the award of the board of arbitration to be later constituted of six members shall take effect Oct. 1, next, instead of May 1, last, the date requested by the employees.

The conductors and trainmen announced the names of their representatives on the board of arbitration. They are Lucius C. Sheppard of Cedar Rapids, Iowa, senior vice president of the Order of Railway Conductors and Daniel L. Cense of Cleveland, Ohio, editor and manager of the Railway Trainman, an organ of the trainmen's organization.

Attempts Suicide After Telephoning Wife

After Conversation With Woman Who Disappeared From St. Louis Hotel Last Thursday Douglas Hertz Shoots Himself.

Kansas City, July 26.—Douglas Hertz of Kansas City, whose wife disappeared from her hotel in St. Louis last Thursday, shot and dangerously wounded himself after a telephone conversation with his wife here to night. Mrs. Hertz was located to night at the home of a friend. Hertz entered a saloon at 301 West Ninth street and telephoned Mrs. Hertz from there. After a long conversation he stepped away from the telephone and whipping out a revolver shot himself over the heart. He was taken to the emergency hospital.

During the afternoon with a party of friends he visited several places in search of his wife but failed to find her. When he entered the saloon he went to the telephone and had a talk with some one. When he finished his conversation he shot himself.

Soon after Hertz was taken to the hospital a woman, who officers said was Mrs. Hertz, telephoned police headquarters to learn whether a man had shot himself. Upon being informed she asked where he was taken.

Hertz has had two brides in the last ten weeks. His first wife, Miss Madeline Lawless of Strong City, Kan., was killed in a motor car accident near Saffordville, Kan., while they were on their honeymoon trip. Eight weeks later he married Miss Mamie Roy of this city. The second wife disappeared from their home in St. Louis last Sunday. Tonight she refused to explain why she had left her husband. Hertz is a graduate of Cambridge university and it is said, a son of a member of the British parliament.

Desperadoes Hold Up Northern Pacific Train

Robbers Leave Dynamite on Abandoned Train and Secure Nothing From Express Car.

Homestead, Mont., July 27.—The eastbound Northern Pacific Limited on the Northern Pacific was held up by three masked men this morning a mile and a half west of Homestead. The would-be robbers secured nothing.

The train was stopped with torpedoes secured from a bridge watchman who was held up shortly before the Limited was due. The desperadoes compelled the engineer and train crew to uncouple the engine and express car from the rest of the train and proceed ahead, leaving the train on the other side of a tunnel about 400 feet distant. Then the robbers discovered they had left their dynamite on the abandoned train. The bandits then disappeared.

FARMER HELD FOR MURDER.

Hugo, Okla., July 26.—S. A. Blank, a Choctaw county farmer, was held to the grand jury here to day charged with murdering Mrs. George Webb, her 7 year old son and her 2 year old daughter. They were shot on a train near their home.

REPUBLICANS TIRE OF FRUITLESS EFFORTS

GIVE UP ATTEMPTS TO AMEND TARIFF BILL

After Minority Leaders Refrain From Offering Amendments Rapid Progress is Made and Chemical Schedule is Approved Without Change.

WASHINGTON, July 26.—After several hours of orthodox tariff discussion in the senate today, during which the Republicans were consistently defeated on amendments, the minority leaders began to tire of fruitless efforts to amend the bill and rapid progress was made. The chemical schedule practically was approved without change when the senate adjourned.

In protesting against the heavy cut in the duty on whiting Senator Lodge declared he knew it was useless to offer amendments. He therefore contented himself with a protest. He also protested against the duty on lithopone but said:

"I will not listlessly delay the senate by offering an amendment."

Senator Smoot also refrained from offering certain amendments, saying: "I will not offer an amendment because I see it will do no good." All the paragraphs of the chemical schedule were approved with the exception of those referring to barytes and lead products which were passed over by request.

J. W. Davis Nominated.

John William Davis of Clarksburg, W. Va., representative of the first West Virginia congressional district was nominated to day by President Wilson to be solicitor general of the United States. Mr. Davis was the choice of Attorney General McKelvey to fill the important \$10,000 post. He will be second ranking legal officer of the country and the government's representative before the supreme court of the United States. Under the statute the solicitor general is the only official of the department of justice who must be a lawyer, not excepting the attorney general.

Consolidates Districts.
President Wilson by executive order has consolidated the fourth internal revenue district of Iowa with the third, to be known as the third district and with Louis Murphy as collector at Dubuque.

Action on Bill Postponed.
Final action on Senator Bryan's bill to repeal the power of the postmaster general to change parcel post rates and the size of mailable packages was today postponed until Monday by the senate office committee. The changes will go into effect however, August 15th.

Prominent Nebraskan Dies of Heart Disease

R. B. Schneider of Tremont Succumbs as He is Driving Auto—Was Born in Beardstown in 1853.

Fremont, Neb., July 26.—R. B. Schneider, secretary treasurer of the Rye-Schneider-Fowler grain company, died of heart disease while driving his automobile from his home to his office to day. Mr. Schneider was for many years prominent in Nebraska politics. He was Republican national committeeman for several years and in the second McKinley campaign was one of the western managers of the campaign.

He was born in Beardstown, Ill., in 1853. He had lived in Fremont 45 years.

Girl Suicides Because of Failure to Secure Work

Letters and Pistol Found Near Spot Where Body is Found Indicate Suicide.

Chicago, July 26.—Letters found in a clump of bushes near where the body of a young woman was recovered from Lake Michigan last night, convinced the police tonight that she had committed suicide because of her failure to obtain employment.

The victim was supposed to be Miss E. Lee, of Elmo, Wis., although her identity has not been made positive. The pistol which brought her death was found on the beach.

The weapon was traced and found to have been sold here on Wednesday to a Miss Lee who gave her residence as Elmo. There are several Lee families near Elmo, Wis., but none knew of a woman answering the description of the woman. The two letters which explained the woman had been out of employment and had been unable to procure work bore no wrding to indicate the city from which it had been sent. The coroner's inquest was continued until Thursday to allow the police to make further investigation.

Teacher Resigns.

Wichita, Kan., July 26.—Because of threatening letters received by her, Miss Ida H. Bowles, of Paris, Ill., selected to teach in the Wichita High school, today sent her resignation to the board of education here. Three of the letters warning Miss Bowles it might be unsafe for her to come to Wichita were turned over to the postal authorities.

Breaks Altitude Record.

Rochester, N. Y., July 26.—A despatch from Bath says that Frank broke Lincoln Beachey's American altitude record of 11,680 feet made in Chicago two years ago by attaining a height of 12,950 feet.

ANOTHER AMERICAN SHOT BY MEXICANS

U.S. Immigration Inspector Captured by Federals and Attempts to Escape

WAS SENT TO JAUZES

Inspector Went to Juarez on Official Business When He Was Taken by Soldiers

WOUNDS MAY PROVE FATAL

EL PASO, Texas, July 26.—After arguing all afternoon with Mexican Federal Colonel J. N. Vazquez in Juarez, F. W. Berkshire, supervising inspector of the United States immigration service, Clarence Gately, inspector; Dr. J. H. Tappan, surgeon, and American Consul Thomas D. Edwards were unable to secure permission from the federals for the removal to an El Paso hospital of Charles B. Dixon, immigration inspector, who was shot, possibly fatally, this afternoon by a squad of federal soldiers. Dixon had been arrested by the soldiers and said he feared execution if his hands and tried to escape by running down an alley.

The federal authorities refused to allow the wounded American to be moved from the military hospital where he was taken. Federal soldiers guard the ward where Dixon lies, refusing admission to every one except Dr. Tappan. A Japanese male nurse is waiting on him. Dr. Tappan stated that Dixon is resting easily and has no fever. One bullet struck him entering just above his right hip and emerged at the front of his abdomen. Another struck his right foot. The judge who is hearing the case has taken the evidence of the complaining witnesses, he says, and to night Supervisor Berkshire is trying to arrange a bond to enable Dixon's removal to El Paso.

The arrest of Dixon was, the immigration men say, the result of a "frame-up" between a negro named Arthur Walker and certain soldiers stationed in Juarez. It is alleged that Walker had secured a warrant in advance of the appearance of Dixon to investigate a white slavery case to day, that was promptly served upon the inspector's arrival. Walker is said to have reported to Juarez authorities that Dixon was coming to arrest him, they chloroformed him and kidnap him from the border town.

Was Sent by Superior.

Dixon was sent by a superior to Juarez to see the negro in connection with a white slave case that was being probed here. He says he believes the negro, after he had talked to him in Juarez, bought drinks for the soldiers and induced them to arrest him.

"I told the soldiers I could go with them to the commandant's office," Dixon said this afternoon, "but instead of taking me in that direction they started with me in the direction of the outskirts of the town. As I had on a suit of khaki I thought that perhaps they had taken me for a United States soldier acting as a spy so I ran and they shot me after I got about half a block away from them."

F. W. Berkshire, supervising inspector of the United States immigration service on the Mexican border, at once went to Juarez accompanied by Clarence Gately, in inspector in the service, to look after Dixon and both were arrested and detained at the military barracks for a short time, but were later released.

To Make Investigation.

Washington, July 26.—"It looks like a serious case. We will do whatever is necessary," said Secretary Bryan to night in commenting on the shooting of Dixon. He telegraphed American consul Edwards for an immediate investigation.

Secretary Bryan was at his office in the state department when he received a brief message from Consul Edwards advising him of the shooting. He also was shown the press dispatches and manifested keen interest in the situation. President Wilson was advised of the incident, but made no comment. While immigration officials on the border have frequently had their troubles with Mexicans, being detained until their identity could be established, no affair as serious as that in Juarez could be recalled by officials of the state department. It was pointed out that strict orders have been issued to keep American soldiers off duty from going into the Mexican towns just across the international line in times of revolutionary disturbances and that little difficulty had been experienced.

It was apparent that the state department would call upon the defacto government in Mexico City whose troops are garrisoned in Juarez to punish the offenders, though no one would authorize any statement of the course to be pursued.

Lozenzen to Tigers.

Ottumwa, July 26.—Pitcher Lorenzen a lefthander of the Ottumwa club in the Central association was sold to day to the Detroit Americans for \$2,500.

NAVAL DEMONSTRATION ABANDONED BY POWERS

PROPOSAL MADE BY RUSSIAN GOVERNMENT IS REJECTED

Germany Flatly Refused to Consider Plan of Joint Naval Demonstration to be Made Off Constantinople and Other Powers Make no Definite Answer.

ST. PETERSBURG, July 26.—The proposal made by the Russian government that a joint naval demonstration be made off Constantinople to coincide with the mobilization of Russian troops in the southwestern provinces has been abandoned. Germany flatly declined to consider the plan and Russia's allies, Great Britain and France replied evasively. Russia is unable to assume the task single handedly of bringing pressure to bear on the Turks in Europe and would only result in an uprising.

Owing to the breakdown of the European concert the Russian government sees no hope of arresting the Turks by force. No military or naval preparations are proceeding at present. Russia, however, may land a force at Burgas, a Black sea port, 76 miles northeast of Adrianople for the protection of lives and property of Russian subjects if the Turks march in that direction. At a council of ministers to day it was agreed that the Russian government had done its utmost to avert further bloodshed in the Balkans and that if the progress of the military operations led to wholesale massacres in that region the responsibility would rest on the other powers.

The Russian policy, it is understood, is now entirely concerned with patching up a new Balkan league including Roumania as the sole means of arresting the Turkish advance.

GUARD THROWN AROUND SUPERINTENDENT'S HOME

Mine Superintendent's Wife With Her Children is Driven Away by Strike Sympathizers and Takes Refuge in Hotel.

Calumet, Mich., July 26.—A special guard tonight was thrown around the home of Richard Bowden, superintendent of the Tri-Mountain Mine of the Copper Range Consolidated company. Strike sympathizers drove Mrs. Bowden and her two children away from home by threatening to burn the house. The woman with her children took refuge in a hotel at Houghton tonight and Mr. Bowden asked a guard of militia to protect his home.

Morgan and Grierson's general store and market was burned to night at Centennial, two miles from Calumet. The proprietors assert the building was set on fire by strike sympathizers because the proprietors to day announced that hereafter no credit business would be done. The loss was \$7,000. The fire was the first destruction of property incident to the strike affecting interests not directly connected with the mine managements.

A dwelling next to the store was also partly burned. Two companies of troops were at once dispatched to the scene of the fire.

Troops in Control.

The various companies of state troops have been so disposed through out the affected region that it is believed they will be able to fully control affairs. Aside from the early morning disturbance in Kawenaw county the entire district was quiet to day. No demonstrations were attempted but the union men planned for a big parade to proceed their mass meeting which they have scheduled for tomorrow afternoon.

**FIRST WOMAN TO CAST
BALLOT IN COOK COUNTY**

Miss Gertrude Blackwelder Votes in Morgan Park on Bond Issue Which Carries.

Chicago, July 26.—Miss Gertrude G. Blackwelder is the first woman in Cook county to cast a vote under the new equal suffrage act. She voted an election held in Morgan Park a suburb to day on the question of whether the town would build a new high school to cost \$45,000.

Altogether 86 women voted, the proportion being about one woman to every three men. The bond issue was carried.

Women Outvote Men.

Shawneetown, Ill., July 26.—Women outvoted the men to day at the first election in which the former ever participated in Robt. Claire, Hardin county and elected a "dry" candidate for city clerk. Of the 107 women who voted 105 cast their ballots for the "dry" candidate. The women took complete charge of things at the polling places and had things their own way all day.

Leaves For Frisco.

Milwaukee, Wis., July 26.—Pal Brown of Hibbing, Minn., and his trainer, Jack Dougherty of Milwaukee, left here to day for San Francisco from where they will sail for Australia on Aug. 29. Brown has a contract for six matinee in Australia.

Guest of Moose.

Chicago, July 26.—Vice President Marshall who arrived from Washington this afternoon was the guest of the Loyal Order of Moose at a banquet here to night.

FOREIGN SAILORS BRING RELIEF

COUNTRY PEOPLE ARE RETURNING TO THEIR HOMES

District About Shanghai Presents a Desolate Appearance, With Villages Burned, Crops Ruined and Rotting Corpses Lying Unburied.

SHANGHAI, July 26.—The landing of sailors from the foreign warships at this city to day has greatly relieved the foreigners and better class of Chinese and the country people are beginning to return to their homes.

The country districts around Shanghai present an aspect of desolation. Villages have been burned and the crops ruined. Rotting corpses are lying everywhere. Philanthropic organizations are caring for the refugees, thousands of whom are still camping in the streets of this city.

The forces manning the Wu-Sung forts went over to the government yesterday, but on the same evening they rejoined the standard of the rebellion. The commanding general fled and the troops to the number of 3,000, all of whom are strongly pro-rebel, elected a new leader who declares he will not participate in the fighting until attacked.

All was quiet about the arsenal here to day. The bombardment from the government forces yesterday seems to have effectively removed the rebels. The bulk of them are concentrated in the neighborhood of Changhai, to the north of Shanghai.

Nanking Denies of Troops.

Nanking, July 26.—The city of Nanking has been denuded of troops. Only enough soldiers to maintain order have been left. Foreign residents here fear trouble from the thousands of coolies who have been thrown out of work. The Su-Chow-Fu rebels have retreated to the Hwai river where they have extended their front for a distance of several miles to resist the northern army advancing from the province of Ngan-Hwei.

Northern troops to day fired upon the imperial customs steamer Kutwo on the Yang-Tse-Kiang, forty-five miles east of Nanking. Seventy shots struck the vessel, but no one was wounded.

The British boat Woodcock escorted the Kutwo up the river and demanded that the command of the government forces explain. He apologized profusely and said that the attack on the river steamer was a mistake.

**GIRL KILLS BROTHER-IN-LAW
WITH PISTOL AS HE LIES IN BED**

Miss May Copeland and Fiancee Claim Murdered Man Was Abusing Her and Was Cause of Shooting.

Cairo, Ill., July 26.—Miss May Copeland and her fiancee, Lucier Turk, members of prominent families of Bardwell, Ky., twenty-five miles south of Cairo, are under arrest charged with the killing of Hugh Atchison, Miss Copeland's brother-in-law. Miss Copeland lived formerly with the Atchisons. She left recently and went to the home of a cousin because, it is alleged, Atchison insisted that she should stop going with Turk if she continued to stay at his house. Accompanied by Turk she returned to the Atchison home late Thursday night for some of her belongings. The girl's sister, Mrs. Atchison, had gone to look for some of her clothing when she heard the sound of a pistol shot from the chamber in which she thought her husband was asleep. Rushing into the room she found her sister and Turk standing beside the bed in which her husband lay dead, a smoking weapon in the girl's hand.

"I killed him," said the girl. According to the story told by both Turk and his sweetheart, Atchison abused the girl for returning to the house, whereupon she shot him. The weapon with which Atchison was killed was identified as belonging to Turk.

FARMER SUCKLES.

Galesburg, Ill., July 26.—Peter Lindenberg, a farmer living two miles east of Walaka, shot and killed himself to day. Despondency over financial matters is said to have prompted the deed. He was 60 years old and leaves a wife and five children.

**WEATHER INDICATIONS

JUDGE POTTS WILL SUCCEED F. W. POTTER

Judge Rufus N. Potts Will Be Appointed State Insurance Commissioner

EOR STATE DENTAL BOARD

N. W. Cox of Cairo and C. F. O'Connor of Chicago Will Be Members of the Board

APPOINTMENTS MADE MONDAY

SPRINGFIELD, Ill., July 26.—From an authoritative source it was learned today that Judge Rufus N. Potts, Springfield, will be appointed Monday by Governor Dunne as state insurance commissioner to succeed Fred W. Potter, Republican. Abraham Lincoln Champion of Tazewell county and former State Senator Gibson of Carthage were formidable contenders for the place.

N. W. Cox of Cairo, and Charles F. O'Connor, Chicago, have been decided upon as members of the state dental board. They were here to day, received their commissions, met, elected Mr. Cox chairman and Dr. O. H. Seyfert, Springfield, secretary, with a salary of \$1,200 and office expenses.

The Chicago West Park commissioners to be chosen and the wards from which chosen, follow:

Peter O'Brien, 15th ward; W. F. Grower, 16th ward; John Andra, 27th ward; Edward Muen, 34th ward; J. C. Denver, 35th ward; H. Bollassa, 16th ward; Timothy Crook, 35th ward, secretary; Jacob LeBosky, attorney.

It is stated on good authority that the new fish and game commission will be comprised of the following: Ernest Hoover, Taylorville, chairman; Judge J. B. Vaughn, Carlinville, and C. J. Dittman, Freeport.

Hoover is doubtful.

There is some doubt about the appointment of Hoover, as it is rumored tonight that he is treasurer of the Democratic state central committee and a Roger Sullivan lieutenant. John H. Caldwell, Springfield, son of former congressman Ben F. Caldwell, Catham and candidate for governor in the Democratic primary last spring, is still an aggressive applicant.

Judge Vaughn's appointment is a certainty. He was summoned to the city today by Governor Dunne, but neither he nor the governor would discuss the appointment. James P. Wilson of Ogle county, Democratic member of the 42nd and 43rd Illinois general assemblies, was summoned to the city by the governor today. It is authoritatively stated he is to be head of the new state roads commission to be named under the good roads law, and that serving with him on the commission will be S. E. Bratt of the First National bank, DeKalb, and Thomas Sudduth, Springfield.

Other appointments believed certain are W. F. Schultz, twelfth ward, Chicago, for president of the Industrial Home for the Blind, Chicago; Scott Matthews, Carbondale, pure food commissioner, to succeed A. Handy Jones, Robinson; H. B. Dwyer, Minooka, and S. L. Marshall, Ipaava, members of the Illinois-Michigan canal commission; W. A. Shaw, Chicago, member of the rivers and lakes commission.

**TOWERMAN DERAILS SPECIAL
TO AVOID COLLISION**

Pennsylvania Train Takes Ditch at High Speed But No One is Seriously Injured.

Chicago, July 26.—Scores of lives were saved to day when a towerman in Burnham, Ill., threw the Ohio River Special on the Pennsylvania railroad into a ditch and averted its collision with a through Wabash train from St. Louis. The train took the ditch at a high rate of speed. The Pennsylvania locomotive was overturned in the crash but aside from minor injuries suffered by the fireman no one was hurt. It is reported that the block signal calling on the Pennsylvania train to stop was set and that when the special whizzed by the towerman took the only course he could to avert a collision on the grade crossing.

John Wilson, the engineer, disputed the towerman's statement that the block signal was set against his train.

A moment after the Pennsylvania train hit the derail the Wabash train clicked across the frogs at the track intersection less than 1,000 feet away.

CITY AND COUNTY

Real show bargains at Frost & Nolley's; no old styles but lines we want to clear out before fall goods come.

Mr. and Mrs. William Willis of Exeter spent yesterday in the city. Dr. Hardy Stewart of Exeter was a professional visitor in the city yesterday.

'Drink Jacksonville Creamery Co.'s pure milk.
Mrs. Harry Cailon of Springfield was a guest Saturday of Mrs. Charles R. Knollenberg.

Frost & Nolley can fit your feet with good shoes and save you money. Try a pair of Frost & Nolley shoes. Miss Adeline DeFreitas expected to spend Sunday with Mr. and Mrs. John Wagner of Alexander.

Mr. and Mrs. John M. Hurst of Hardin avenue have been the guests of friends in Roodhouse the past two days.

Sweet milk from the Jacksonville Creamery Co. is unvaryingly good.

Miss Alta Leonard of Bluffs was in the city Saturday. She was on her way to visit her brother in St. Louis.

Mrs. John Adams of Murrayville was in the city yesterday to see her husband, who is a patient at Passavant hospital.

Use Jacksonville Creamery Co. butter. There is nothing better.

Charles A. Montgomery and Harold I. Tice of Petersburg arrived in the city Saturday evening for a short visit with friends.

Mr. and Mrs. Bart Johnson and son Maurice have returned from a visit with relatives in Lincoln. They made the trip in their Mitchell car. Jacksonville Creamery butter is sweet and solid. It goes further than the average butter.

Mr. and Mrs. J. Spencer Self, Misses Myra and Helen Self, Herman Osterholt and several friends from Peoria are at Saldora for a few weeks' outing.

Miss Maude Taylor, stenographer at the Chamber of Commerce, is taking her vacation. She will spend part of the time with Miss Genevieve Meany in Springfield.

Milk from the Jacksonville Creamery Co. is satisfactory in hot or cold weather. It is always pure.

The Missionary society of the Central Christian church will hold a regular meeting Friday, Aug. 1, at 2:30 p. m., in the parlors of the church. A full attendance is desired.

Miss Bea Ellis, who has been spending her vacation of two weeks in Jacksonville, left yesterday for Terre Haute, Ind., where she is employed as a teacher in the Brown's Business college.

William Schildman, Ellis Mann, Samuel Evans and Maurice Peckham are among a party who will leave this morning for a fishing trip to Wolf Lake. Other members of the "Optimistic club," to which the young men belong will join them next week.

MORTUARY

Carter.

The funeral of Mrs. Julia Carter took place Saturday afternoon at 2 o'clock from the family residence, two miles north of Exeter, Rev. A. J. Green pastor of the Methodist Protestant church of Bluffs, officiating, assisted by Rev. Scott Peak of Exeter. It was one of the largest attended funerals ever held in that community, as Mrs. Carter was a woman beloved by many friends being present from Jacksonville, Hersman and Camp Point. The procession to the cemetery was over a mile in length.

The 90th Psalm was read as a scripture lesson and the text was also taken from the Psalms. Music was furnished by the Exeter Christian church choir and they sang "We are Going Down the Valley," "Meet Me There" and "Nearer My God to Thee." The many beautiful flowers were cared for by Misses Beulah, Edna and Lillian Carter, grand daughters of the deceased, all of this city.

At the grave Rev. Mr. Green made a few remarks and prayer was offered by Rev. Mr. Peak. Interment was made in the Exeter cemetery and the bearers were the same as officiated at her husband's funeral, Messrs. A. W. Bambrook, S. L. Biggs, George Hoofker, William Hoofker, Abraham Brockhouse, Edward Bentz, Ewing Lankford and Riley Taylor.

WILSON DELIVERS

REPORT TO BRYAN

(Continued from Page One.)

The French losses alone, he is said to have placed at \$250,000,000 in gold within recent months. That American investments had greatly depressed and that no estimate could be placed on losses, is also said to have been included in the ambassador's report.

Offensive to Mexicans.

Constitutionalist representatives here exhibited a great interest in Ambassador Wilson's utterances, declaring that some of the things he was reported to have said in interviews about Mexican people were offensive and would make it impossible for him to return as ambassador.

The ambassador was in the dark about future plans. He would get back on the steamer sailing next Thursday if the president desires, he said, but he has no intimation on this point. It was reported on good authority that one of the recommendations presented to Secretary Bryan was that the American embassy at Mexico City should be continued in charge of Nelson O'Shaughnessy, its first secretary, and the resignation of Ambassador Wilson accepted. His resignation, has been in President Wilson's hands since the Taft administration ended.

Ambassador Was Shadowed.

It was learned late to night that Del Valle not only had been on board the same ship and train by which Ambassador Wilson had come to Washington, but stopped at the same hotel in New York, followed him on the street cars there and observed the men with whom the ambassador talked.

Del Valle, it was also said, was the man from whom Secretary Bryan received a recommendation that the American embassy be kept in charge of a secretary and Ambassador Wilson's resignation be accepted.

Del Valle declined to night to discuss any of these points, but said he was about through with his mission. He said he was a lawyer by profession and had no interests in Mexico. He added that he would be here a few days longer conferring with Secretary Bryan and would in the meantime pay his respects to President Wilson.

Manuel Perez Romero, confidential agent of the constitutionalists in Washington and brother of Mrs. Francisco I. Madero, to night denied statements purported to have been made in New York by Ambassador Wilson that Mrs. Madero had published letters that were forgeries and that the Madero family was maintaining a paid bureau in the United States for the purpose of giving publicity to false statements respecting conditions in Mexico. He declared in a statement that Mrs. Madero had published no such letters nor caused them to be published and that the Madero family had made no contributions for maintaining a publicity bureau.

CHANGE DATE FOR LEGALIZED HUNTING OF MOURNING DOVES

Law Passed at Last Session of Legislature Permits Hunting of Birds August 16 to October 31.

According to the fish and game conservation act passed at the last session of the Illinois legislature, the time for hunting mourning doves has been changed to August 16 to October 31 inclusive. County Clerk Boruff has called special attention to this change.

As this law was passed subsequent to the printing of the 1913 hunting licenses, the licenses still bear the provisions of the old, which permitted hunting and killing of mourning doves from August 2 to November 29. Section 4 of the new act specifies the time for killing quail, prairie chicken, partridge, Mexican blue quail, California mountain quail, California valley quail and other game birds and in speaking of what time when it is unlawful to kill mourning doves, says: "Or any mourning dove from November 1 of any year to August 15 of the succeeding year, nor more than fifteen by one person in one day."

Blending vs. Mixing

Most any child CAN mix coffee, but to bring out the very best that's in coffee one must be able to BLEND certain coffees together so that each coffee will retain its own characteristic quality, yet combine smoothly and richly with the other coffees; each adding its definite contribution of strength, flavor and favor to the whole. We claim that ROBERTS' coffees are perfectly blended with OLD CROP coffees—coffees properly CURED and aged. The proof of the quality of Roberts' coffee is only to be found by comparison. We invite comparison.

**Q. E. S. DEBATING CLUB
ENJOYS OUTING AT LAKE**

Organization of Franklin Young People Hold Banquet Followed by List of Toasts.

The members of the Q. E. S. Debating club of Franklin, which is composed of fourteen young men, enjoyed a picnic supper Saturday evening at the Burlington lake. Each young man was privileged to take a young lady and it was indeed a merry party who gathered at the Franklin popular resort to spend the hours. The club was organized two years ago and has proved a great help both socially and mentally to the young folks.

A three course dinner was served at 9 o'clock after which Leonard Hills was introduced as toast master and the toasts followed:

"Kisses"—William Kinney.

"The Farewell Kiss"—Wayne Gates.

"The Q. E. S. of the Future"—G. F. Hart.

"Bumps"—Carl Bergsneider.

"Summer Vacations"—Elgin D. Olinger.

"Be Happy"—Clarence Kinney.

"Our Sweethearts"—Lester Gray.

"Love"—Hal Fields.

"The Land We Live In"—Walter Wright.

"Moonlight Spooning"—Ralph Turley.

"Our Society"—Otis Van Winkle.

"Till We Meet Again"—William Berryman.

Following the speaking the remainder of the time was spent in a social manner, some of the young folks enjoying boat riding.

The following are the officers of the society:

President—William Berryman.

Vice president—Carl Bergsneider.

Secretary—Otis Van Winkle.

Treasurer—Rex Ranson.

Critic—Lester Gray.

Sergeant at arms—Harold Fields.

Chaplain—Leonard Mills.

**"MORE LIGHT" CAMPAIGN
IN MONMOUTH.**

Commercial Club Heads Movement For Wider Application of Electric Current.

The Commercial Club of Monmouth has just completed a "more light" campaign which had as its object the perfection of the lighting facilities of the city and the wider use of electricity for lighting and for advertising purposes. The quarters of the commercial club were marked by a large automatic-flash electric sign designed in the form of a monograph based on the letters, C. C.

The number of electric signs was increased by thirty six while the subject was under consideration by the Monmouth business men. R. E. Rines of Chicago, who participated in the campaign, a representative of the Federal Sign system was in the city last week consulting with W. B. Miser of the Railway & Light Co., and Secretary Fritchey of the Chamber of Commerce as to the methods of such a campaign in this city. He explained the widening use of the electric sign both for private and municipal advertising and gave particulars as to its employment in Chicago, Springfield, Decatur and other Illinois cities.

FIRST SHOWING OF NEW FALL MODELS OF SILK DRESSES AND STREET HATS AT HERMAN'S

AUTOMOBILE NOTES.

Stephen Keeling, aged 12 years, of Fort Scott, Kan., was killed, and his brother, Keith, aged 15, suffered a fracture of both legs in an automobile accident which happened Friday morning at 5 o'clock, ten miles east of Maroa. The Keeling family consisting of the parents and four children were touring from Fort Scott to Indianapolis and on Thursday were visitors in Jacksonville, having stopped for several hours here. Loose earth in the road is given as the cause of the accident. The family are prominent residents of Fort Scott.

Earl Horsely, editor of the Elmwood Gazette, was killed and two companions injured when an automobile in which they were riding turned turtle.

A motorist of much experience has given the following hints:

Always repair cuts and punctures at once.

Never run in car tracks nor up against curb stones.

Always carry your spare tires in cases to protect them from the sun.

Never run a flat tire if it can be avoided, for it will possibly destroy the tire beyond repair.

Be sure that the valve stem on the tube does not leak, for the tire may be quickly ruined by running it partially inflated.

Do not allow oil or grease to get on the tires when you can avoid it, for they will soon deteriorate the rubber.

Do not drive around corners at a high speed.

Continual speeding or throwing on the brakes suddenly is not conducive to high tire mileage.

Jack up the car and allow tires to become partially deflated when the car is not going to be used for any considerable length of time.

J. B. Corrington of Alexander was in the city yesterday in his new White roadster, which he has just purchased from L. F. O'Donnell.

William Johnson and party of Taylorville were among the motorists in Jacksonville yesterday. They were driving an Overland.

Visitors in the city yesterday and the cars they were driving were:

James Mahon, Sinclair, Oakland;

George Hardwick, Merritt, Oakland;

Thomas Graves, Markham, McFarland Six; William Mortimer, Woodson, McFarland Six; Fred Megginson, Point, Oakland; Fred Kilian, Point, Oakland; Lloyd Brown, New Berlin, Thomas Flyer.

Dr. Nolan and party were among the tourists in Jacksonville from Springfield Saturday.

They were driving a Mitchell automobile.

The following were in the city yesterday in their Mitchell cars: Prince

Costs, Lynnville; James Scott, Markham; Eliza Harmon, Concord;

Charles Ranson, Woodson; C. L. Reid, north of city; John Flynn, Clements; Howard Cully, Strawn's Crossing; O. P. Hamilton, Chapin;

George Oxley, Franklin; G. A. Leach, Markham; Harvey Rice, Arnold, and George Newman, Woodson.

Mr. and Mrs. Ed Landreth of Lynnville were in the city yesterday in their Ford car.

THIRTY ONE PERSONS LOST THEIR LIVES IN BINGHAMTON TRAGEDY

Coroner's Official List Shows Ten Identified Dead and Twenty-one Whose Identity Will Never Be Known.

Binghamton, N. Y., July 26.—The official list of the dead in the Binghamton Clothing company fire Tuesday, as compiled by Coroner Stillson, will show that thirty-one persons lost their lives in the catastrophe. Of these ten have been identified. The identity of the others will never be known. Arrangements for the public funeral tomorrow for the unidentified dead were completed this evening. There will be twenty-one caskets, the bodies of the ten identified having been claimed for private funerals.

Mayor J. J. Irving will preside at the funeral services.

NON-MILITANT SUFFRAGISTS OPPOSE THE USE OF FORCE

Reason, Not Force, Is Their Battle Cry—100,000 Women Attend Great Meeting.

London, July 26.—Reason, not force, was the battle cry of non-militant woman suffragists who today completed their pilgrimage from various parts of the United Kingdom and held an immense meeting at Hyde Park. It is estimated there were fully 100,000 women at the meeting. Seventy speakers addressed the women from twenty platforms.

At the sound of a bugle a resolution was simultaneously adopted amid scenes of tumultuous enthusiasm, begging parliament without further delay to give women the franchise.

LUABIRVEN MADE NO DIRECT SALES TO CONSUMER

Object of Association is Declared to Be Freedom of Sales From Manufacturer to Consumer.

Chicago, July 26.—Protection to its members by procuring for them freedom of sales direct from manufacturers to consumers is the object of the Northwestern Lumber Men's association, W. G. Hollis of Minneapolis, its secretary, testified at the hearing in the government suit against the so-called lumber trust today. He asserted that manufacturers did not openly sell to consumers and admitted that when one was discovered selling to consumers, members of the association would thereafter refuse to recognize him.

DETECTIVES MAKE TWO ARRESTS IN CONNECTION WITH LOGUE MURDER

Harry Freeman of Duluth and James Wilson of St. Louis thought to have knowledge of the crime.

Chicago, July 26.—Detectives working on the murder of Joseph Logue, a diamond broker who was slain in his offices in the McKiever theater building several months ago, today arrested Harry Freeman of Duluth, Minn., and James Wilson of St. Louis, Mo., on suspicion that they might have some knowledge of the murder. In a room occupied by the men the police found a burglar's outfit, revolver and an apparatus for testing gold and diamonds. The men were charged with having burglar tools in their possession.

GIRL'S BODY IS FOUND IN FOURTEEN FEET OF WATER

St. Paul, Minn., July 26.—The body of Miss Alyce Sheldacker of Superior, Wis., who disappeared Friday while canoeing on White Bear Lake near here was found late tonight by bathers in fourteen feet of water near where the empty canoe was found to day. There were no marks of violence on the body. The coroner declared it either was a case of accidental drowning or heart failure.

A. SMITH, SHOE MERCHANT CLIMBS INTO THE FRONT RANK

From Small Beginning to Greater Things—Steady, Persistent and Honest Dealing Wins.

There is one shoe dealer in Jacksonville that is rapidly forging to the front. He is quiet, unassuming, has little to say, but what he does say he means. That man is A. Smith, owner of the shoe store on East Morgan street near Scott's Hippodrome.

From small beginnings and by honest work, holding to reasonable prices keeping a good quality of stock, Mr. Smith has forged rapidly to the front.

Mr. Smith has leased the building on East State street, just east of Herman's Ready-to-Wear store, is having it thoroughly and conveniently fitted up for his purpose and will move in on August 1. This new store will carry a complete and up-to-date line of shoes of the finest quality, the prices to remain low.

Until Mr. Smith's removal he will sell shoes for men, women and children at lower prices than ever reached in Jacksonville. It will pay you to visit Smith, The People's Shoe Man. (Adv.)

POULTRY EXHIBIT WILL BE COMBINED WITH REST ROOM.

Attractive Feature Planned for Chautauqua by Morgan County Poultry Association.

The officials of the Morgan County Poultry association are planning as their contribution to the Chautauqua this year a poultry exhibit located in a tent of sufficient size to afford space for a commodious rest room. The birds will be shown in coops furnished by the association in the rear half of the tent. The front will be furnished with chairs, settees and will be supplied with literature on subjects of interest to poultry fanciers.

Any one may enter poultry for scoring, whether he belongs to the association or not. As the object of the exhibit is to increase the membership of the association and to demonstrate the pleasure and profit to be derived from poultry raising as an avocation, those who are planning it hope that a number of non-members will enter their birds in the contest. All entries will be scored and ranked. Those who are awarded ribbons, just as in the winter show, D. T. Helmlich will serve free of charge as the judge of the birds exhibited. As the quarters will be furnished by the association and there will be no entry fees, the only expense to exhibitors will be the transportation.

DIED SUDDENLY IN MEXICO.

Brother of Mrs. D. Rees Browning Succumbs To Heart Disease—Has Been Resident in Southern Republic for a Number of Years.

A telegram received Saturday night by Mrs. D. Rees Browning brought the sad news of the death of her brother W. H. Headley at Tijuana, Mexico. Mr. Headley had spent a number of years in Mexico where he and other members of the family had extensive interests. He went there too partially because of the climate as he had been troubled for years with an affection of the heart. The telegram gave no particulars as to his death. Interment will no doubt take place in Mexico as the laws in force there do not permit the removal of a body from the country until a year after death.

Mr. Headley's son Willis Headley of Louisville, Ky., has spent the past two summers here with Mr. and Mrs. Browning and his daughter Mrs. Baber. Their guest several months since. Mr. and Mrs. Headley were preparing for a trip to the United States at the time of his death and were at the home of their daughter Mrs. Baber.

VISITS PLACE OF BIRTH IN ENGLAND.

Dr. J. R. Harker at His Old Home in Durham, England.

The Journal is in receipt of a letter from Dr. Harker, who is spending his vacation at his old home at Durham, England. He speaks of enjoying the cool weather and tells of a visit to the house of his birth. A Yorkshire Post which he inclosed contains a column headed "The Suffragette Nuisance" in which occur a number of accounts of the doings of the militants. Mention is made of a woman who was arrested in Liverpool for breaking plate glass store windows with a poker, of a militant who was taken into custody in Yorkshire for carrying concealed explosives and of a male suffragette who startled the house of commons by firing a pistol in the gallery.

JERSEYVILLE CELEBRATION. Jerseyville will celebrate the 74th anniversary of its organization, under auspices of the County Historical Society, August 5th and 6th. The affair will be in the nature of a home coming.

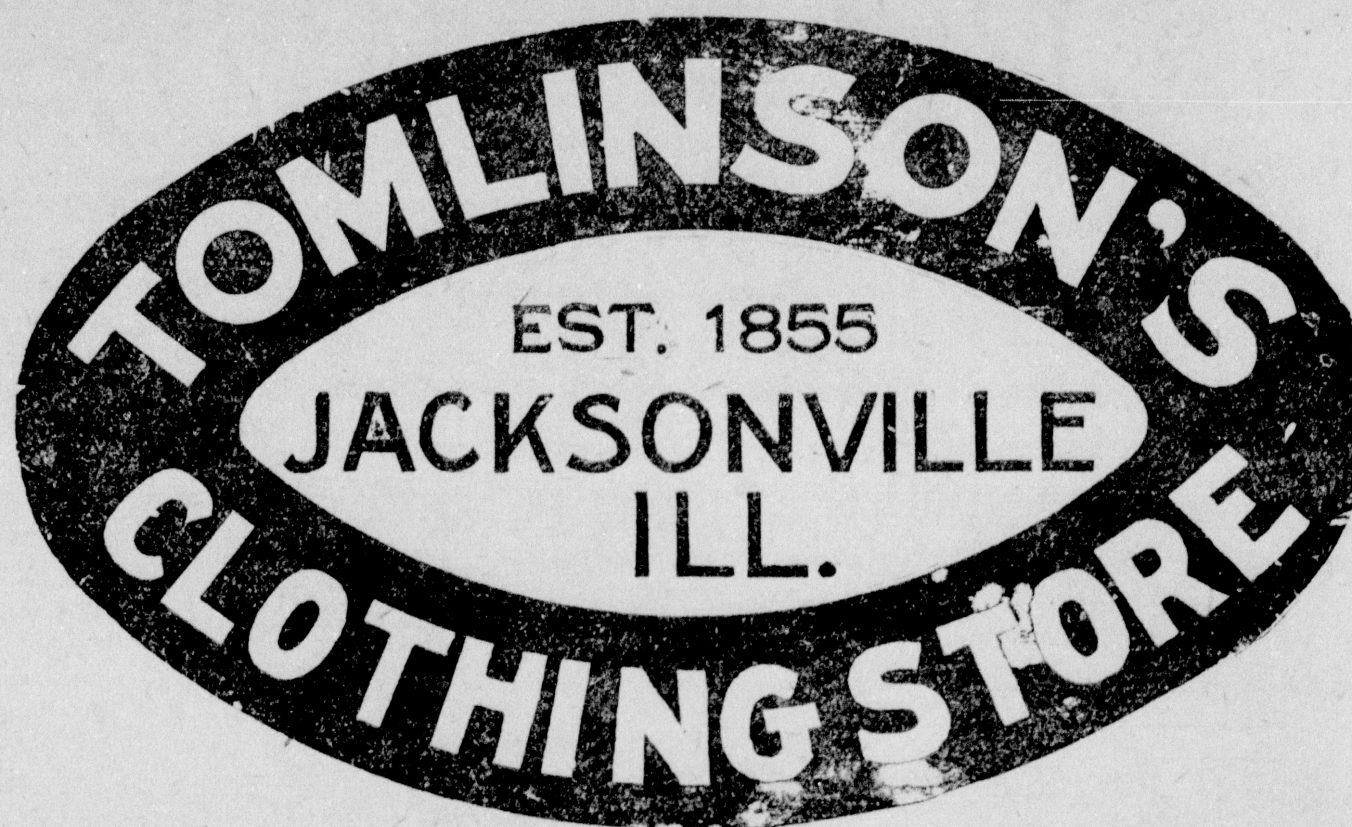

Free street attractions have been provided for every hour during both days, including balloon ascensions and a woman high diver. The address on Tuesday afternoon will be delivered by Hon. A. H. Bell, of Carlinville. On Wednesday afternoon the old settlers will speak at a reunion in the court house.

The Commercial Club is helping the historical society, and they hope to make it the great event of the year. A cordial invitation is extended to neighboring towns and people to be present.

"SLIM" SALLEE ADMINISTERS SHUTOUT TO NEW YORK GIANTS

Cardinal Southpaw Allows but Three Hits and St. Louis Wins 7 to 0.

St. Louis, July 26.—With "Slim" Sallee, a southpaw, pitching airtight ball all the way and New York fielding in corner lot fashion, St. Louis won the opening game of the series 7 to 0.

Sallee held the league leaders to three scattered hits, one of which was a scratch. But two New Yorkers got past first base. They were Meyers, who reached the far corner in the sixth when he singled and advanced on put outs and Doyle who tripled in the seventh. The score:

BROOKLYN DEFEATS REDS 8 TO 2

Allen Is Never in Danger, Allowing Cincinnati but Six Hits While Teammates Make 14.

Cincinnati, July 26.—Cincinnati returned home from its eastern trip to day and was defeated by Brooklyn 8 to 2.

SOME OFF-SIDE CHUTES

Callahan is on the warpath at the Hub. Silk O'Loughlin handed him a package Friday, and with the same stroke presented Boston with the game. As before mentioned in this column, the manager and the umpire have not been on speaking terms for many years, and it is the general opinion among sporting writers that Silk never overlooks an opportunity to give Callahan reverse English on all close decisions. Ray Schalk was again banished from the game by O'Loughlin, and this is the second time in his career to be chased, both flaggings having been administered by O'Loughlin.

Chance is planning a shake-up in his Yankee lineup. Birdie McCree and Bert Daniels are not playing the outfield according to Husk's notions, and they will be displaced by Pitcher Caldwell, who is some slugger and by Roy Hartzell, McKee's going to the keystone sock.

Agnew, the Brown's grand young catcher, was hit in the jaw by a pitched ball from Engel at Washington Friday, sustaining a broken jawbone and he will be out of the game for at least two weeks.

Frank Chance since returning to New York has been unloading a lot of sour bunk from the regions of his bread basket. In an interview he proclaimed Zeider in the hospital is worth three Hal Chases. Many fans will agree with the "Peerless One." But in a ball game, Mr. Chance, how many Rolfe Zeiders is one Hal Chase worth?

Chappell did not get into the regular lineup in the opener at Boston. His lamps were evidently dimmed by overwork between Chicago and the Hub while he was annexing all the jackpots fostered on the trip.

Danny Goodman, the Ghetto pugilist, was knocked out by old man Cupid on Thursday. The bride had given Danny to understand that he must quit the game, and Goodman willingly took the count.

Joe Rivers is framing up for an easy one. He is negotiating a go with Charley White of Chicago to be pulled off at Batte, Mont., the afternoon of Labor Day.

Umpire "Buck" O'Brien of the American association, has adopted a new method of discouraging lone plays while he is handling the indicator. In a game at St. Paul against Minneapolis Friday "Dixie" Walker had the throw to first beaten by ten feet when he executed a slide into the first station. The umpire called him out and notified Manager Friel he will in future call out any man who attempts a slide to first. Friel's team lost, and he has protested the game.

Friends of McLoughlin, who went down in defeat before the Irish tennis champion in London on Friday, were not surprised at the outcome. The Pacific coast champion, they say, is a "dry air" player, and the mist and fog of London led a tendency to slow him in his game.

The national commission has refused to allow the Giant's claim on Pitcher Lathrop, and the Notre Dame star will report immediately to Callahan in Boston. He will probably be used in one of the remaining games against the Carriganites.

WARREN K. WOOD DEFEATS E. P. ALLIS III FOR CHAMPIONSHIP

Milwaukee Lad Was Behind All the Way Around After the First Hole Was Played.

Chicago, July 26.—Warren K. Wood of Homewood is the new western Golf association tournament played over the links of the Homewood Country club today. Allis, one of the youngest players in the tournament, has the championship of Wisconsin to his credit and took the measure of such redoubtable golfers as former western champion Charles Evans, Jr., and former national champion Robert A. Gardner of Hinsdale. In Wood, however, Allis met one of the staidest tournament players in the United States, playing over his home course and the Milwaukee lad was behind all the way around after the first hole was played. Allis made a game struggle and seven holes before the end he spurred and cut Woods' lead of six to three. Allis' hopes went out at the twenty-ninth hole. He was three down. He had far the better of the drive and for his second bounced his ball off the flagstaff with a 200 yard creek shot that brought prolonged cheers from the gallery. Wood put his second on the green from a had lie in a clump of trees. Allis missed an easy put for the hole and lost the next hole by slicing his drive into the rough and putting his second over the green while Wood laid his approach dead to the flag. Allis tried hard to win another hole but Wood held him to halves and the match ended on the thirty-third green. Charles Evans, Jr., took the gold medal for low score in the qualifying rounds, turning in 78-73-151.

Wood, who was runner up last year, made his way into the finals by defeating in succession H. B. Lee of Detroit, John Simpson of Galesburg, Frazier Hale of Skokie and Joseph Ledue of Calumet. Allis defeated J. S. Thompson of St. Paul, J. N. McDonald of Chicago, Charles Evans, Jr., the title holder, and Robert A. Gardner.

Elsa Hembrough of Lynnvill was a Saturday business visitor in the city.

THE MAN WHO NEVER WILL DO ANYTHING FOR THE TOWN IN WHICH HE LIVES IS MISSING ONE OF THE REAL PLEASURES IN LIFE.

Not all of us can be captains of industry or city builders, but we can boost our city and her institutions and advantages to our friends as well as to strangers. Some times our next door merchant friend or neighbor, who has been a deep dyed in the wool pessimist can see the light of a new era and the awakening of the town of which he should be proud. We are beginning to open our eyes and see the trade opportunities we have been passing up just because we have argued that such things could never have been accomplished.

A True Illustration.

Quite a number of years ago a few energetic men succeeded in working up a get-acquainted booster trip to Mt. Sterling similar to the one which was made to Griggsville during the past week. What was the result of that trip? There are to day people coming to Jacksonville and trading in this city who before had been accustomed to gaze in a westerly direction. If the Jacksonville business men have tried and proven true to friends they made on this early trip, does it not go to show that similar trips should make more friends or the town?

The old argument of "what's the use?" has been offered so many times as a mighty bluff for not spending a few dollars that Jacksonville has been losing many times the sum it would have cost to make friends for the town. The work of the Chamber of Commerce is just in its infancy.

Morgan County Should Be too Proud to Trail Behind Other Sections of Illinois in Boosting for Decent Roads.

Making good roads is a business proposition for they are money makers for the farmer, the merchant and the professional man. A few men of our county are convinced that they are, and with these pioneer champions of good roads as a nucleus little organizations should be formed in every village and hamlet.

Yesterday about twenty of them

met in the court house to start a movement in the interest of good roads. They decided to hold a meeting next Saturday in Central Park, where everybody will have a chance to hear facts on this important subject, which is such a community developer.

Effort will be made by the rural affairs department of the Chamber of Commerce to have a speaker on good roads in all the automobile booster trips which will be made beginning next Wednesday to advertise the Jacksonville educational festival.

Wednesday, July 30, Will Be Another Big Excursion for Jacksonville Boosters and Enthusiasts.

Instead of going by special train a trip of all the automobile owners who can go will be made to the following towns:

Woodson
Murrayville
Manchester
Roodhouse
White Hall
Winchester
Rigdon
Lynnville

Cordial invitations have been received from Murrayville and White Hall to visit them on their gala days. A picnic and fish fry coupled with a little good horse racing will provide a big inducement for a monster auto excursion. Detailed announcement of the trip will be made later, but this should be sufficient to have you notify your friends that you want them to go with you in your car. Everyone will be going south next Wednesday.

Headquarters for Chautauqua Literature.

The Chamber of Commerce office will be a busy place from now until the opening of the educational festival, sending out chautauqua literature. This year more advertising matter has been distributed a month before the big event than had been distributed during the entire time last year.

One year's growth has so firmly established the Jacksonville chautauqua that not a single guarantor should imagine that he can lose on the season ticket which he has agreed to sell. At least don't go back on your agreement.

LAKOTA, N. D.

William D. Henry of Woodson, Ill. arrived this week to visit Oswald Wardle and other former Morgan county friends.

St. Clair Russell, Clayton Bros. and the Berriedale farm are harvesting rye this week.

William D. Henry, Charles E. Henry, Arthur Clayton, Newton Shelton, wife and daughter Path visited Alva Bracewell and family of Michigan City Sunday. Arriving there they found quite a number of their home friends there, amongst whom were Charles Spencer and his sister, Mrs. James Bracewell and William Rousey of Manchester.

Thomas Cudahy and wife of Roodhouse are visiting with Mr. Harry Metcalf and family this week and were calling on Charles E. Henry and wife Monday.

Warner Wright returned home to Murrayville last week, but expects to return soon and Clyde Pannag is still pitching some great ball.

Forty-seven autos passed through Lakota last week en route from Minneapolis, Minn., to Yellowstone Park. They were accompanied by a double header special on the Great Northern railroad.

William D. Henry and Mr. Wardle attended a public sale south of Mapes Monday and reports that the crops look well.

B. Fitzsimmons, Wilbur Kitner and R. D. Megginson of Woodson were on a prospecting tour from Larimore to Devils Lake the past week and were very well pleased with the country they passed through in an auto and called on all their former Morgan county friends. A good many of the farmers are well advanced with haying.

Arthur Clayton, Sr., visited Clayton Bros. last week.

Quite a number of Lakotians are attending the state fair this week at Grand Forks.

The Beach Inn, Lakota's hotel, has just been opened. It is furnished now and giving the public good service. Mr. Beach, the proprietor, is very attentive to his guests.

One of the stations for the Wonderland Trail travelers is Lakota. This is an established auto trail running from the east to Yellowstone Park.

General harvest will be on about the middle of August.

No Suits reserved in Garland & Co.'s Clearance Sale.

Mr. and Mrs. R. E. Henry will leave this morning for Peoria where they will be the guests of friends for the coming week.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist—Adv.

EDUCATION NOTES.

Concrete inclines carpeted with cork replace steps and stairways in the new schoolhouse at Edwardsville, Pa.

School and civic leagues in a Virginia county have raised over \$6,000 for the schools during the past year. Letters from correspondents in 26 foreign countries have been received by school children in one New York school district through a letter exchange maintained by the school authorities.

Sweeping, dusting, sewing, washing dishes, and ironing are among the "home industrial subjects" listed on a school-report card prepared by Mrs. Mary DeGarmo, of St. Louis, and used in Missouri schools. The parent gives the child a "mark" for the accomplishment of one or more home duties.

The girls at the State College at Puyallup, Wash., have helped solve the high cost of living problem by learning to prepare tasty lunches at a cost of 4 or 5 cents per person. Later they will demonstrate what they have learned in economy of foods by teaching domestic science in the rural schools.

State Superintendent Hyatt, of California, has issued an appeal for sex enlightenment, in the home if possible, in the school if necessary. He declares that no boy or girl should reach the age of 12 without learning from parent, teacher, or some other responsible person, the five acts of sex hygiene which he enumerates.

Nearly 50,000 Indian children went to school last year, more than half of them being educated at Government schools. Mission schools cared for 3,000, and more than 17,000 had so far adopted the white man's ways as to be enrolled in regular public schools, according to a statement on Indian education furnished by the Indian Office to the United States Bureau of education.

MASONS SAIL FOR PANAMA.

New Orleans, La., July 26.—Several hundred high degree Masons from all parts of the south sailed from New Orleans today for Panama on the chartered steamship Atenas. The principal object of the trip, which is conducted under the auspices of the Grand Consistory of Louisiana, is exemplification of a class of 102 at Panama. After degrees of Masonry are conferred a branch of the Ancient Arabic Order of the Mystic Shrine will be instituted.

UNION SERVICES AT CENTRAL PARK.

Everyone is invited to the service at Central Park this evening. A men's chorus will lead the singing. A male quartet will sing one or two special selections. Rev. H. D. French will preach the sermon. It will be a specially good service and closes in time for anyone to attend any other service they may wish to. Everyone heartily welcome.

W. C. Whiting of Boston, Mass., of the Columbian National Insurance company who has been transacting business in the city the past week, left Saturday night for St. Louis.

NOTES IN BRIEF.

Male Attire Brings Arrests.—Two Lake View women attired themselves in men's clothing Thursday evening. Their prank resulted in their arrest and tearful pleas for release after they had attempted to "mash" a woman at Roscoe street and Lake Shore drive. The "men" gave their names as Mrs. Anna Pierson, 23 years old, of 751 Buckingham place, and Miss Hilda Lindgren, 26 years old, of 2644 Sheffield avenue. Shortly after 8 o'clock the automobile patrol wagon from the Town Hall station stopped at Roscoe street and Lake Shore drive. A woman hurried up to Policemen James O'Mara and Oscar W. Monson. She said two men had tried to flirt with her. Both of the "men" were smoking cigarettes when overtaken by the police. They were held on charges of masquerading in male attire.

Neck Badly Cut With Wire.—Henry Melchers, a farmer living three miles west of Petersburg, was badly injured by a barbed wire fence on Monday forenoon. With his son, Henry, he was driving home from West Petersburg in a farm wagon. He had turned into his own lane leading to the house when the accident occurred. The fence bordering the lane, of woven wire capped with a single strand of barbed wire, lightened at something, the team began to run and in less than a minute the big wagon was astride of the woven wire fence on the left side and the barbed wire was cutting terrible gashes into Mr. Melchers' face and neck as they ran.

The main cut extends from the back of the neck clear around to the chin in front. Several muscles of the neck were severed and the jugular vein was exposed and barely missed.

If blood poisoning does not set in he will recover all right.

Says "Fans" Are Poor Citizens.—Baseball fans are mighty poor citizens; prize fighting would bring about the salvation of Mexico, and something must be done to make college women marry.

Philosophers of the study class of the Mental Efficiency league figured that out Thursday night at their regular meeting in Chicago.

This is what the leader, Parker H. Sevenson, said about "fans":

"Ninety-five per cent of the mental energy of the fan is utilized watching games or poring over sporting sheets that he may memorize the batting averages of the players. Only 5 per cent is left with which he may try to be a good family man and a good citizen."

Too much mentality, he figured, is the ailment of the college woman and that is why 90 per cent of women college graduates do not marry.

Sells Land \$300 Per Acre.—Michael Farney, of Fairbury, Wednesday, disposed of one of his eighty acre farms located in the south edge of Forrest township to Ephraim Farney for \$300 per acre. This is the second sale of farm land in the southeastern part of Livingston county recently which has brought \$300 per acre.

Regains Sight.—Mrs. Mary Welch of Hillsdale, Mich., saw her eight children for the first time last Sunday in Chicago. She had been blind for fifty years. Surgeons removed a double cataract from her eyes. Mrs. Welch was stricken blind when 16 years old. To make her burden doubly hard, she was forced to do laundry work to support her children and husband who had become an invalid.

Locate Runaway Girl.—Mildred Hill, the 12 year old colored girl who left her home in Bloomington about six weeks ago and has not since been heard from, has been located in Chicago, and her mother, Mrs. Foster of West Locust street, has departed for Chicago to take charge of her.

Bridge Quarter Mile Long.—The construction work on the Oakford bridge uniting Menard and Mason counties is well under way and is a big undertaking. The trestle work on this side of the river is 380 feet long and will be supported by concrete piers. The total length of the bridge with approaches, when fully completed, will be 1,400 feet or over one-quarter of a mile.

Fined \$25 for Wearing Silk Skirt.—Silhouette and sunlight gowns, slit skirts and the wet bathing suit suit drapery effect were subjected to verbal castigation by Mayor Corbin N. Shook of Lima, Ohio, in the municipal court when he imposed a fine of \$25 and costs upon Mary Sheddick, 22 years old, of New York, who tripped down South Main street with a slit in her skirt extending above the knees. A crowd of nearly 500 persons trailed the young woman across the public square.

Boy Has Disappeared.—Relatives of Otto Organ, a youth of 16 years who for the past year has resided at the home of B. I. Mater, 1501 West Grove street, Bloomington, are greatly worried over his disappearance. He was last seen by the family Tuesday noon, when he came home to dinner as usual. Since that time nothing has been seen or heard of him. His mother, Mrs. Marcelle Organ, of Virden, is in Bloomington and is greatly distressed over the boy's disappearance.

Very Heavy Silage Corn.—J. A. Baker of West Twin Grove, brought to Bloomington some samples of stalks from his corn field—great, heavy stalks, some of them more than ten feet high and many showing two or more ears or shoots. After the original planting had been cultivated twice he planted the field the second time, having the rows about 1 inches apart, as it was intended for the silo. This second planting is now six feet high. It will not make ears, but it will add much to the fodder. He thought this field would make fifteen tons of silage per acre.

Obstinate Acne Quickly Yields

Fine Remedy that Clears Skin of Pimples on Cheeks, Temples, Sides of Nose and Chin.

Acne attacks the glandular structure of the skin, more particularly those tiny glands that secrete fat. And it is here that S. S. S., the famous blood purifier is most active in its influence. There is one ingredient in S. S. S., the purpose of which is to stimulate the cells in the tissues that they select from the blood the nutrient that makes new skin and thus eliminates all irritants, acids and parasites that inflame the glands. There is a natural tendency of the fine network of blood vessels in the skin to throw off impurities, but where a persistent inflammation process has invaded the skin, the natural repair work of the blood is interfered with. It requires the stimulating activity of S. S. S. to overcome such morbid conditions. If you have been troubled with acne, do not despair of a cure. You can get S. S. S. in any drug store, but insist upon having it. Take no chance with a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 181 Swift Bldg., Atlanta, Ga.

FORECAST INDICATES NEW PLAYS IN THEATRICAL SEASON

Leading Managers Have Announced List of Important Productions They Have in Preparation—Good Barrie Season Seems Sure.

New York, July 26.—Managerial plans for the new season, as announced from the various offices, indicate much general theatrical activity this year. As in other seasons it must be expected that a number of the plays that the managers say they have for production will not be presented this year except in emergencies, such as successive failures of plays upon which the greater hope had been placed.

Charles Forham's announcements indicate a good "Barrie" season. Maude Adams will devote the season to the J. M. Barrie cycle of comedies. Following "Peter Pan" she will appear in a new Barrie programme, "The Legend of Neorona," and later in the season she has another Barrie programme, "The Ladies' Shakespear, Being One Woman's Version of a Notorious Work," Edited by J. M. Barrie.

For Blanche Bates, Mr. Forham has prepared a programme which will consist of a new Barrie play called "Half Hour," in conjunction with which Miss Bates will appear in Stanhope Houghton's play, "The Younger Generation."

Mr. Forham also has two other Barrie plays, which he expects to produce this season, one called "The Will," and the other called, "The Little Policeman."

John Drew will be seen in "Much Ado About Nothing." William Gillette will play a season of twenty weeks in repertoire. Billie Burke has a new comedy, "The Land of Promise," by W. Somerset Maugham. John Mason will be seen in "Indian Summer," a new play by August Thomas. Otis Skinner will remain for the present in "Kismet," and Mme. Nazimova will continue for some time in "Bella Donna." Ethel Barrymore will be seen early in the season in a play from the novel "Tante."

Among the plays Mr. Forham has in reserve are "The Mob," by John Galsworthy; Henry V. Esmond, a play "Eliza Comes to Stay," a new four act play by George Barr, and three new comedies by Edward Sheldon, Thompson Buchanan and Stanley Houghton.

The Froham musical productions will include "The Doll Girl," with Richard Carle and Hattie Williams; "The Marriage Market," with Donat Brian; the Viennese success, "The Little King"; "The Girl on the Film," from the Gaity Theatre, London, and a new musical review by Callavet and de Fiers.

Among the Shubert productions will be the new Drury Lane melodrama, "Dreadnaught"; another English melodrama entitled "Cheer, Boys Cheer"; "The Surprise of Hell," by C. B. Fernald, and "Simon Street No. 19," by a prominent English author. The Shuberts will conduct the farewell American tour of Forbes Robertson and Gertrude Elliott. For the other Shubert stars the definite plans have not been announced.

Cohan and Harris include in their plays the productions of "Seven Keys to Baldpate," "Potash and Perlmutter," "Newly Married," by Edgar Sewyn, Raymond Hitchcock in a new musical play, Porter Emerson Browne's comedy, "520 Per Cent," Irvin Cobb's "Back Home," "Home Ties," a woman's suffrage play by George Middleton Douglas Fairbanks in "Cooper Hoyt, Inc.," "The Brain Promoter," by Edward Laska; "The House of Glass" and "Money Mania." The productions planned by John Cort for this year are "The Elbow of Youth," a comedy by Zillah Covington and Jules Simonson; "The Manee," a comedy by Anne Crawford Flexner, and a revival of "The Ham Tree," by McIntyre and Heath. Mr. Cort will also have two vaudeville comedies, in which Lillian Russell, Anna Held, William Farum and other stars will appear.

The Liebers have announced only two new ventures for the early part of the season, the American tour of England's most notable light comedian, Cyril Maude, and the production of George Birmingham's Irish farce, "General John Regan."

Winthrop Ames will open his new Gotham Theatre and Arnold Bennett's play, "The Great Adventure," about the same time the Little Theatre will open with "Pruella," by Granville Barker and Lawrence Houseman. Mr. Ames also has in preparation "Her Own Money," an American comedy by Mark Swan, and "The Clash" in exciting drama by a new author, Cyril Wenworth Hogg.

The American Play Company will produce a musical play by Christie Mathewson and Rida Johnson, called "Fair Play." Another production of the same firm will be "Under Cover," a drama based upon smuggling operations at the port of New York.

The features of H. H. Franzen's programme for the season will be Edward Locke's comedy, "The Silver Wedding," starring Thomas Wise, and "The Coquette," a musical piece by Victor Herbert and Harry B. Smith.

Plays and Players. The late Richard Hyde, burlesque proprietor, left an estate of \$1250,000. Bessie Clayton has been engaged for a leading part in "The Passing Show of 1913."

One of the new plays of the coming season will be "Taken for Granted," by Mrs. Catherine Christolm Cushing. "Disraeli and other successful plays by Louis N. Parker are said to bring the author at least \$120,000 a year.

"The Blue Bird" now in its third year in America, will be seen in New York the coming season with practically the original cast.

Sir Gilbert Parker's new story, "Judgement House," is to be retold in the form of a play by Miss Charlotte Thompson, who dramatized "The Awakening of Helena Richie."

Mabel Tallafero has signed to head a stock company in St. Louis during

the coming season she will appear in a number of her prominent successes.

George M. Cohan is transferring the active management of some of his theatrical enterprises to other hands, preparatory to a trip around the world.

William A. Brady has bought a new play by Graham Moffatt, author of "Bunty Pulls the Strings," and the principal part will be played by Molly Pearson, who created the role of Bunty in America.

Julian L'Estrange, a capable English actor, has been engaged by Harrison Grey Fiske for an important role in a foreign comedy which Mr. Fiske is planning to produce early in the coming season.

Catherine Calvert is to have the leading role in "The Escape," a play by Paul Armstrong, which is to have its initial production next Labor day at Maxine Elliott's Theatre, in New York City.

Cyril Scott and Marguerite Leslie are to have the leading parts in "The Money Moon," J. Hartley Manners' adaptation from the Jeffery Farol novel, which is to be produced in New York early in September.

Charles Forham has selected September 4 for the first performance of "The Legend of Neorona," Sir James Barrie's new play, at the Duke of York's Theatre, in London. Mrs. Patrick Campbell and Sir John Hare will head the cast.

The famous English melodrama called "Cheer, Boys Cheer," is to be produced in America next season by the Shuberts. They are also preparing to produce on this side the new Drury Lane melodrama entitled "Dreadnaught."

Among the productions announced by Cohan and Harris for the coming season are "520 Per Cent," by Porter Emerson Browne; Irvin Cobb's "Back Home," dramatized by Pavard Veiller; "Home Ties," a play dealing with woman suffrage, by George Middleton; "The House of Glass," a drama by Max Marcin; "The Brain Promoter," a comedy, by Edward Laska; "Money Mania," a farce by Max Marcin, and Douglas Fairbanks in "Cooper Hoyt, Inc.," a comedy in three acts by Frank Lord and Hugh Ford. Raymond Hitchcock, also under the management of Cohan and Harris, will be seen in a new musical play as yet unnamed.

FOREST NOTES.

A shingling mill in Maine uses 2,000 cords of paper birch each year in the manufacture of toothpicks.

The new Chinese republic has established a department of agriculture and forestry. For a long time China had been pointed out as the most backward nation in forest work.

A toy company at Sheboygan, Wis., started out to use only the waste wood from other mills. It has worked out a system of using all small waste pieces so that practically nothing but the sawdust is lost.

Austria not only sells timber but timber products from its forest lands, and disposes of about 1,500,000 railway ties a year. There is no provision in the United States by which the national forests can dispose of manufactured lumber, though the policy of selling standing timber is well established.

The Canadian government has supplied twenty-five million tree seedlings to farmers, principally in the Alberta and Regina plains region. The United States does not supply young trees to the public, except in a limited area in Nebraska, under the terms of the Kinkaid Act.

PERRY CELEBRATION AT TOLEDO.

Toledo, O., July 26.—The name of Commodore Oliver Hazard Perry, whom Toledo adopted years ago as a sort of patron saint and in memory of whom she has named buildings, streets and suburbs, will be further honored the coming week by a great celebration of the centennial of the battle of Put-in-Bay. Those in charge of the arrangements believe the festivities here will eclipse all of the similar celebrations to be held in the Great Lakes cities this summer. One of the principal attractions, of course, will be the reclaimed and rehabilitated Niagara, the century-old flagship on which Commodore Perry rode to victory in the war of 1812. Parades and historical exercises will feature the programme. The latter part of the week the scene of exercises will be transferred to old Fort Meigs, which figured conspicuously in the last war between the United States and Great Britain. Governors McGreevey of Kentucky, Cox of Ohio and Pothier of Rhode Island have accepted invitations to take part in the celebration.

A TUBERCULOSIS DAY PRAYER.

The following Tuberculosis Day prayer by Prof. Walter Rauschenbusch will be read in all the Jacksonville churches to day:

"O God, we pray Thee for all whose vigor is being drained by slow and wasting illness. Strengthen their powers as they battle for their life, and if it be possible, we beseech Thee to restore them and grant them the fullness of their years. If their strength is failing give them courage still to labor cheerfully and to leave to those who love them dear memories of faith and patience for distant days."

Since we are all jointly guilty of the conditions which have bred their disease, may we stand by those who bear the burden of our common sin, and set the united will of our community against this power that slays the young and strong in the bloom of their life. May this death that creeps from man to man be a solemn reminder that we are all one family, bound together in joy and sorrow, in life and death, that we may cease from our selfish indifference and together seek Thy kingdom and Thy righteousness which will bring us health and life. Amen.

NOTES FROM THE LABOR WORLD.

The annual convention of the Trades and Labor Congress of Canada will be held in Montreal in September.

Petitions for a universal eight hour statute have been filed in every county of California under the initiative law.

The International Alliance of Theatrical Stage Employees has voted to hold its convention next year in Chicago.

W. J. Maxwell, for fifteen years grand secretary and treasurer of the Order of Railway Conductors, died recently at his home in Cedar Rapids.

The United States senate has passed the LaFollette measure providing for an eight-hour work day for women employed in the District of Columbia.

The new agreement obtained by the street railway employees of Salt Lake is for a period of four years and grants an increase of two cents an hour.

The headquarters of the United Mine Workers, District 21, has been transferred from Oklahoma to Fort Worth, Texas, because the Oklahoma legislature repealed the "mine run" law.

Porto Rico labor unions demand a law for compensation for injuries and hurts received by workmen in the course of their work, a law to be plain and precise in its provisions.

Within the first fortnight of the British state unemployment insurance law for building workmen, shipbuilders, wheelwrights, etc., coming into force, 5,000 eligibles out of work applied for relief.

The decision of the new Australian Government to abolish the preference hitherto given to union workmen on the Commonwealth public works has aroused a storm of protest from the union officials.

The typographical union has succeeded in obtaining substantial wage increase from the Baltimore newspapers. The new agreement carries increase ranging from \$2 to \$5.44 per week for composing room workers.

The 90,000 members of the Bricklayers, Masons and Plasters' International Union of America will soon cast another vote on the question whether the union shall apply for a membership charter to the American Federation of Labor.

The subordination of machinists in all parts of the country are taking a referendum vote for officers of the international association. The principal contest is for president, the candidates being William H. Johnston, incumbent, and Thomas L. Wilson, one of the vice presidents.

A strike or nearly a years duration in the coal mines at Taylor, Wash., has been ended satisfactorily. The new agreement gives members of the United Mine Workers of America complete recognition and the same prices for labor and conditions of employment as prevail among the miners in other unionized coal camps in Washington.

Representative Kelly, of Pennsylvania, is the author of a bill introduced in the house of representatives to provide \$1 to \$4 a week for all those more than 60 years old, whose incomes are under \$10 a week. His plan would pension those with incomes of less than \$6 a week at \$1, incomes from \$6 to \$7 at \$2, between \$7 and \$8, \$2 a week and from \$8 to \$9, \$1 a week.

PICNIC DATES.

This is the time of the year when the various churches and other organizations of the community are planning for their annual picnics, chicken fries, watermelon picnics and ice cream socials. Thus far only a few dates have been announced and the Journal will be glad to add others to the list:

July 30 (Wednesday)—Catholic church picnic at Murrayville.
Aug. 7 (Thursday)—Cricken fry Presbyterian church at Woodson.
Aug. 7 (Thursday)—Mt. Zion Epworth league chicken pie supper.
Aug. 8 (Friday)—Anti-Horse Thief association picnic.

Aug. 13 (Wednesday)—Literberry Baptist church chicken fry.
August 13 (Wednesday)—Franklin M. E. church picnic and chicken fry.

August 21—(Thursday) Annual lawn social of Mt. Emory Baptist church at Fourth ward school.
Aug. 13 (Wednesday)—Point Church Aid society ice cream supper and social.

Aug. 14, Monday—Concord Methodist Protestant church chicken and fish fry.
Aug. 14 (Thursday)—Chicken fry, Woodson Christian church.
Aug. 20 (Wednesday)—Salem church chicken fry.

Aug. 20th, Wednesday—Sacred Heart church picnic and chicken fry, Franklin.

Aug. 21 (Thursday)—Liberty church chicken fry.

Aug. 21, Thursday—Annual chicken fry Berea church.

Aug. 20 (Wednesday)—Annual fish and chicken fry, Chapin Christian church.

ON HER KITCHEN STOVE.

It is interesting to note that the most successful remedy for woman's ills was originally prepared nearly forty years ago by Mrs. Lydia E. Pinkham of Lynn, Mass., by steeping roots and herbs on her kitchen stove and supplied to friends and neighbors without cost. Its fame spread; the demand grew, and now many tons of roots and herbs are used each year in order to supply this famous remedy which has proved such a marvelous success in controlling diseases of women. Merit alone could have stood this test of time.—Adv.

Day by Day Long Distance Telephone Service Climbs to Higher Standards

But the grade of transmission, and of operating, excellent now, will soon seem mediocre.

Faults and weaknesses in apparatus, methods and men are being detected and corrected unceasingly. Increasing volume of business warrants an increasing margin of facilities, which insures against interruptions and delays.

The yearly growth in telephones brings us nearer to that goal of universality which we seek.

THE BASIS OF CAR BUYING

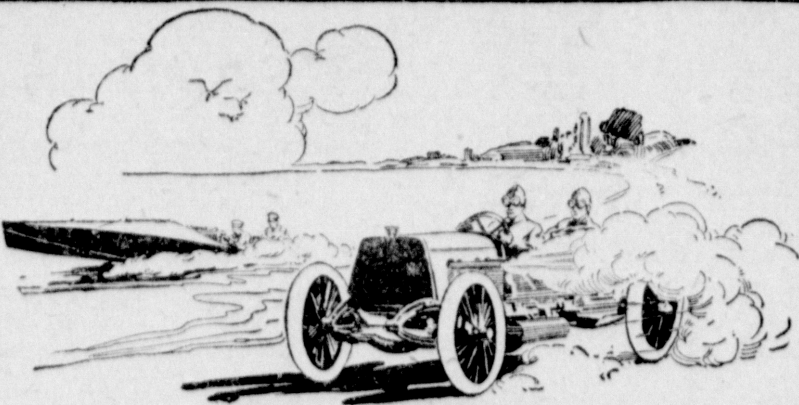

1. Look up the maker in regard to responsibility, time in business, assembled or factory product.
2. What will be your chance of disposing of your car in the future, either in trade or for cash.
3. Service you will receive from dealer and factory at all times.
4. Quality of material used. Kind of equipment used for starting, lighting, ignition, etc.
5. Weight of car. Comfort in riding.
6. Accessibility.
7. Simplicity.
8. What the car has done in the past.
9. Chance of getting repairs in the future.
10. Does it pay to skimp yourself in price to get an article because it is cheaper. Think it over carefully.

If you keep these questions in mind and then examine

Polarine
FRICTION REDUCING MOTOR OIL

For Any Kind of Motor In Any Kind of Car or Boat

An oil that's right is right in every type of motor, whether in a pleasure car, a motor truck or motor boat. The universal oil is Polarine—used everywhere, and sold at cross-roads stations. Users never need go far without it.

Maintains the correct lubricating body at any motor speed or heat, and flows perfectly at zero. Penetrates to the remotest parts of the motor, protecting every friction point.

Cars run for years without depreciation when Polarine is used. It's the best insurance you can buy, and costs the least.

The World's Oil Specialists make it after 50 years' experience with every kind of lubricating problem and a study of all makes of motors produced. Polarine is the right oil.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

These Summer Days

In warm weather the average
person does not eat as
much meat as in the cooler
months. There is all the more
reason why the steak or roast
that comes on your table
should be of the best possible
quality.

Buy the "Coverly Kind" of
meat and you will agree with
us that there is a "difference."

UNDERTONE OF STOCK MARKET IRREGULAR

TRADING IS CHARACTERISTIC OF THE MID-SUMMER SEASON.

Hill Group Responds Favorably to
Favorable Crop Advises—Can-
adian Pacific, I. & N. and Soo Line
Are Weakest of the Railway
Shares.

(By Associated Press)
New York, July 26.—Trading in
stocks during today's brief market
session was in most essentials char-
acteristic of the mid-summer season.
The undertone was irregular and at
first mainly downwards, the only
striking exception being the Hill
group, these stocks responding to
favorable crop advises. Lehigh Val-
ley and minor railers and special-
ties also contributed slightly to the
constructive side, while Canadian
Pacific, Louisville & Nashville and
Soo were weakest of the standard
railway shares. In the special group
American express yielded five points
and made another new low record.
Operations were altogether profes-
sional and of narrow proportions.

Your Credit is Good Here

DOING

Not Much Difference What You Do

If you have your wages all spent by the time you get them—might as well be a slave and be done with it! Slaves get their board and clothes and a place to sleep—and that's about all the man has who only has his week's wages long enough to divide them between the grocer, the butcher, the rent man and the coal man.

Quit working for the grocer and the others—save 20 per cent and have more in your pocket. You can do it by paying cash, and we will let you have all the money you need to start. You can pay it back a little each week or month.

START MOVEMENT TO BETTER HIGHWAYS

MEETING OF MEN INTERESTED IN GOOD ROADS HELD SATURDAY.

Will Join in Movement to Establish the "Burlington Way"—Purpose Is to Improve Roads in All Directions—Another Meeting to Be Held.

In accordance with a call issued a day or two since a small company of interested citizens met at the Court House Saturday afternoon to talk about the question of good roads. The purpose of the gathering was to confer about joining with others in the making of an automobile route from Burlington to St. Louis and also to talk over plans for the general betterment of highways in Morgan county. David Estaque called the meeting to order and A. C. Rice was chosen chairman and Frank L. Hairgrove, secretary. It was decided to join in the movement for the Burlington to St. Louis route and Mr. Estaque was elected vice-president to represent Jacksonville. A vice-president for the association will be elected in every city of any size through which the route passes and the business of the vice-president is to interest others in perfecting a local organization and in securing funds for doing work on the highways.

Mr. Rice spoke of the advantages of good roads from a business standpoint for both residents of the city and of the county and told of what dragging would do for the average country road.

Road Interest Elsewhere.

W. L. Fay, who recently spent a week on a farm near Edina, Mo., told of the interest there in good roads. With the aid of the state one main highway has been put in condition clear through the state and the farmers by organized efforts keep the roads which connect up with the main highway in a fine condition by dragging. The work is so divided that it is not a great burden upon any one and the farmers are finding that it is not only a great convenience and pleasure for them but that the good roads have a tendency to increase the value of the farm lands.

F. L. Hairgrove and Mr. Estaque both spoke of what had been accomplished by the White Hall good roads organization. Beginning at Manchester clear of the south line of Greene county, the roads are continually dragged and as a result are always in a passable condition and a joy to automobilists and others who pass that way. The speaker said that it is a noteworthy fact that some of the worst roads in this locality are between Jacksonville and Murrayville and that the condition is true simply because there is no organized effort to drag them.

T. E. Rea of Murrayville who was present said that he kept the road in front of his place dragged but that he would have to acknowledge that the greater portion of the road between Jacksonville and Murrayville is usually very rough and rutty. Mr. Rea expressed the opinion that good roads will never result all over the county until the state passes a law compelling every land owner to drag the roads adjoining his farm, the county to pay for all bridge work. Mr. Rice took issue with Mr. Rea on this proposition as he said such a system would not be fair and would work a hardship on some land owners. He said he knew a man who owned about 400 acres of land near his farm who by such a law would be responsible for about four miles of road while another farmer in the same locality owning 160 acres would not be compelled to care for more than a quarter of a mile of roads.

F. L. Hairgrove said that they were putting stone along the road from Pittsfield south to Louisiana and that while it might be some time coming that eventually something could be done in securing some rock road for Morgan county.

All Will Benefit.

Mr. Estaque said that it should be emphasized that the work proposed by this association is not simply for automobiles and that every person who goes along the highway would be benefited. He said that he had, at his own expense done a great deal in the way of marking roads through the county and that he had tried at various times to inaugurate movements for better roads but had not received very much support and he believed that now was the time for action. He said that down at White Hall not more than 20 people attended any meeting that the association had but that there was no trouble experienced in raising money to help with the work of dragging or with anything else that was proposed in the matter of highway improvement.

Dr. R. R. Jones also emphasized the need there is to secure a better understanding of the highway work it is proposed to do in Illinois. He said that a great many people had the idea that the purpose of the Tice bill was to get a well made 12 foot roadway which speeding autoists could use to their advantage and that everybody else would be crowded out and wouldn't have as much use of the roads as they do now.

Secretary Fritchey of the Business Men's Association said that the department of rural affairs of the Chamber of Commerce had held a number of meetings with reference to good roads and stood ready to lend whatever aid they could give in any work proposed. Mr. Heintz who is chairman of the department had also sent a message that while he could not attend the meeting that his committee was full in accord with any movement for road betterment.

County Officials Are Busy. Mr. Fritchey and other speakers mentioned the matter of urging the county board to make an early request for Morgan county's share in the state aid for roads. It is known that a number of other counties have already filed with the proper authorities maps showing the por-

tion of the roads they desired to be a part of the system and that they are making urgent requests to have their counties share in the road fund.

It was not a large company which assembled Saturday, but the men present agreed with the suggestion of Phillip Cleary that if a subsequent meeting was called and each man made a personal request on his neighbors to attend that a larger attendance could be secured for a subsequent session. Finally a decision was reached to have a good roads meeting in Central Park next Saturday. It was the understanding that lists will be passed around for signatures and contributions and every effort made to get the good road work of the county moving along definite lines. Certain it is that there will never be a vast advance in local road conditions until the people of the county become aroused to the importance of the good roads movement and make united efforts to accomplish desired results.

PAUL DOWDALL DEAD AFTER LONG ILLNESS.

Former Student of Illinois College Succumbs to Disease—Was Brilliant Southern Lawyer.

Paul M. D. Dowdall of Memphis, Tenn., died recently in Peoria after he had been ill for an extended period although his condition had not been considered serious until within a few weeks. Mr. Dowdall was a former student of Illinois College coming here from Quincy in 1890 with his brother William and Guy Dowdall. They immediately took an active part in life on the hill and were brilliant students. Paul Dowdall was a star foot ball player and athlete as well as an exceptional scholar. His brother William is now a prominent physician at Clinton, Ill., and Dr. Guy Dowdall is chief surgeon for the Illinois Central road. The Memphis Commercial Appeal gave the following notice of Paul Dowdall's death:

"Paul M. D. Dowdall, attorney, and member with his father, Col. W. T. Dowdall, in the Memphis law firm of Dowdall & Dowdall, died at Peoria Ill., yesterday morning at 4:30 o'clock, after an illness of about a year. His condition was not considered serious until two weeks ago."

Mr. Dowdall went to Peoria four weeks ago, thinking the change would benefit him.

His brother, Dr. W. T. Dowdall, of Clinton, district surgeon for the Illinois Central Railroad, was with him when he died.

Mr. Dowdall was 37 years of age, and had practiced at the Memphis bar for the past 11 years. He was educated at Sewanee, Tenn., and was admitted to the bar at Winchester before he was 21 years of age. He is survived by his widow, who is a daughter of the late Bishop Green; G. G. Dowdall, chief surgeon of the Illinois Central Railroad, and Dr. W. T. Dowdall and his father.

He was buried in Springdale Cemetery, Peoria, beside his mother, who died 35 years ago.

HELD PUBLIC SALE.

Mrs. John Thompson, who resides on South Diamond street, held a public sale Saturday afternoon, which was largely attended. Farming implement, stock, household goods, harness and buggies were disposed of at good prices. One mare brought \$150 and another \$152.50; one Jersey cow, \$81.25 and another \$58; 300 bushels of corn, 70c per bushel, baled hay, 50c per bale. Buggies and harness sold well. The entire sale totalled \$1,000, and Capt. John E. Wright and son C. Justus Wright were the auctioneers.

Harold Smith expects to leave this morning for Eauclair, Wis., where he has a position at the S. S. Krege 5 and 10 cent store.

U. S. TENNIS TEAM LEADS BRITISHERS BY TWO MATCHES

McLoughlin Recovers His Form and Loses Only One of His Service Games—Match Goes Its Full Extent.

Wimbledon, England, July 26.—As the result of today's victory by Maurice E. McLoughlin of San Francisco and Harold H. Hackett of New York of H. Roper Barrett and C. P. Dixon in the doubles match, the United States team leads by two matches to one in the struggle for the Dwight F. Davis lawn tennis trophy and requires only one more victory in the two remaining singles matches to carry off the cup. The match went to its full extent, the score reading 5-7, 6-1, 2-6, 7-5, 6-4.

The English defenders who began playing tennis together when McLoughlin was still in knickerbockers, tried all the wiles of which they are masters, but without avail.

McLoughlin had recovered his form and lost only one of his service games. Once Hackett played the game which his opponents liked by feeding them low volleys at the net, where the English veterans formed an absolute stone wall. They made every possible return to Hackett recognizing in him the weak link of the American defense. Although often tempted, McLoughlin did not poach on his partner's preserves, often heroically allowing him to take the overhead balls which he himself loves to smash. Toward the end of the match, Hackett became more confident. A moment later McLoughlin smashed his racket in the fourth set and the Britons were within a point of winning the set and the match but the Californian never faltered and pulled his own service out of the fire. If the draw is decided in the singles, McLoughlin will face Charles P. Dixon, who was defeated by Williams in Friday's match, while the young Harvard player will be sent against John C. Park, who took the Californian's measure Friday.

DR. McLAUGHLIN TO TAKE CHARGE OF CHICAGO HOSPITAL

Well Known Local Physician Will Take Up Duties of New Position August 1.

Through an agreement recently made by the officers of the Chicago hospital, Dr. W. K. McLaughlin of this city has been appointed superintendent of that institution and will take charge Aug. 1. The hospital, which until recently was known as Ferguson hospital, is a thoroughly up to date institution with the best equipment, and a new building was recently erected at a cost of \$100,000.

Dr. McLaughlin who has been for twenty-two years one of the well known physicians of Jacksonville, was medical superintendent of Oak Lawn sanitarium for twelve years and for fifteen years was attending physician at the State School for the Deaf. During his term of service at the school the death rate of that institution was exceptionally low.

The many friends of Dr. McLaughlin were surprised at his decision to leave the city and he stated Saturday evening that it was a great regret to leave Jacksonville, that he never realized what the city, its people and ways were to himself and family until he had decided to go, but that the offer was such an attractive one that he could not afford to disregard it.

R. W. Simpson of Peoria, route agent for the National Express company was a Saturday business visitor in the city.

MORTUARY

Woodman.

The funeral of the late Clarence Stephens Woodman, whose death took place in Chicago Tuesday, was held Friday at St. Peter's Episcopal church, of which he was a member. The service was in charge of the Masonic fraternity and interment was in Graceland cemetery. Mr. and Mrs. U. G. Woodman returned from Chicago Friday night.

Clarence S. Woodman was the son of William Clayton and Elizabeth Williams Woodman and was born in Jacksonville November 7, 1864. He was married October 9, 1898, to Miss Sara Custer Schaud in Philadelphia. For several years their home was in Jacksonville but for the past three years their home has been in Chicago.

In business and social life Mr. Woodman was a man who had the friendship of many people and his untimely going was a matter of distinct sorrow to them.

Haisley.

Mrs. Elizabeth H. Haisley, one of the oldest residents of Franklin died Friday night at 9:20 o'clock, at the age of 87 years, 4 months and 19 days. She was born in the State of Kentucky, March 19, 1826. She was twice married, her first husband being William H. Strubling. Her second husband was John Haisley, who passed away 12 years ago this month.

Mrs. Haisley, on account of her advanced years, had been in delicate health for some time. Mr. and Mrs. Thomas Miller made their home with Mrs. Haisley and during the last 18 months when she needed constant attention they have been most devoted to her. She leaves no immediate relatives. There are three grand children, all married residing in Nebraska.

The funeral services will probably be held Monday or Tuesday. Burial will be made in Waverly beside the remains of Mr. Haisley.

Lazenby.

Frank M. Lazenby, son of Mr. and Mrs. Charles Lazenby of Lynnville died Saturday evening at 6:30 o'clock from quick consumption. The young man had only been ill for two or three months.

He was born in Lynnville, October 20, 1894, being in the 19 year of his age. Besides his parents, he is survived by 10 brothers and sisters as follows, Ida May, James Edgar, Annie Sarah, Charles W., Mrs. Wesley Combes, Georgia, Charlotte, George W., and Rose.

The funeral services will be conducted Monday afternoon at 2 o'clock at the Lynnville Christian church, in charge of Rev. C. W. Burnett. Interment will be made in the Liberty cemetery.

COLORED ANTI-TUBERCULOSIS MEETING THIS AFTERNOON.

Miss Fulmer to Speak at Armory—Addresses by Colored Citizens.

The large death rate among the colored race from Tuberculosis and the means of preventing the disease is the theme which will be discussed this afternoon by Miss Harriett Fulmer, state extension secretary, at a meeting of the colored people of Jacksonville at the Armory hall at 3 o'clock. There will be no admission charges or collection. Frank Mallory will be the presiding officer of the sermon. Messrs Hayden and Washington Cooper as well as a number of prominent colored ladies will be heard on the prevention of tuberculosis among the members of the negro race.

FIND ROAD CONDITION GOOD.

A. N. Johnson, state highway engineer and his assistant M. R. Agg were in Jacksonville Saturday to inspect the sample stone road which has been laid on North Main street by the county. The work was completed two weeks ago and the concrete has been allowed to harden since that time. They found the pavement had been well laid and pronounced it in excellent condition. It is the intention of the county commissioners to open the paving for travel Monday.

ELECTED SUPERINTENDENT.

The session of Westminster church has elected George C. Guthrie as superintendent and he will take charge this morning. Mr. Guthrie is an elder of the church and active in all its departments of work.

Miss Ella Minter leaves for New York Wednesday, 30th, and expects to spend several weeks in the market buying Coats, Suits, Dresses and Furs for F. J. Waddell & Co.

NEW HEAD OF NEW HAVEN TO HAVE FAR REACHING AUTHORITY

Mr. Elliott Will Have Care of Policy and Finances of Entire System—Wife's Father Formerly Lived Here.

Howard Elliott who was recently elected president and director of the New York, New Haven and Hartford company as mentioned in Saturday morning's Journal, has been for some years a prominent man in the railway world.

Mr. Elliott, who succeeds Charles S. Mellen as head of the New Haven road also succeeded him as president of the Northern Pacific-St. Paul, and for several years prior to that was general manager of the Missouri lines of the Burlington. That Wall street thought well of Mr. Elliott's election to the presidency of the New Haven is shown in the fact that simultaneously with the announcement of his election, the stock of the road rose 4 points.

As soon as the office can be created by a change in the New Haven's by-laws, Mr. Elliott will be made chairman of the board, and by virtue of that office will have more power than any preceding president of the New Haven, having the care of the policies and finances of the entire system.

Each of the constituent elements of the big system will have a president of its own, as made clear in a statement given out just after the announcement of the election of Mr. Elliott. This statement made public the opinions and recommendations of the New Haven special committees and pointed out that the president of the New Haven has been not only the executive head of the road but also the operating head of all the other New Haven properties. From the cause it is said the troubles of the New Haven have arisen. In the near future the statement says the system will be reorganized.

There will be a head of all the properties owned by the New Haven and the general head of all the properties, though not the operating head will be Mr. Elliott when he is elected chairman of the board. The adoption of this report of the committee will create a separate president for each of the various subsidiary companies of the New Haven, including its trolley lines, its steamship lines, the Boston and Maine, the Maine Central, each of these executives being held directly responsible for the management of his respective properties. The chairman of the board, as general head of the whole system, will be vested with complete authority to direct the operations of the various lines. Mr. Elliott's salary will be \$100,000 per year.

Mr. Elliott married Miss Janet January, a daughter of D. A. January who formerly lived here. Mr. January built the old part of the Dunlap House.

Come in and let us place "The Herd Girl's Dream" on the Favorite and let you hear it. There's a tone test for you and a treat too.

The first and only musical instrument of its type at \$50 is so dearly true to anybody who has even looked through the talking machine catalogs that we could not wish anything better than to have you make comparison with any other \$50 machine. Comparison in form, size, convenience, and particularly in tone.

Judge it by its tone, and then satisfy yourself that it is a perfect piece of furniture as well; that its joiner work is honest and its finish right. An instrument of music that can be operated by any member of the family whenever and wherever you please; that is controlled in tone volume by the thumb and finger opening or closing the tone-control shutters; that play Columbia double disc records and any other disc records, interchangeably; that holds at your command all the music of the great orchestras and bands, all the songs that liven the stages of all the theatres and the voices of all the world's great opera artists who have ever made disc records. If you don't see the Favorite in the window, step inside and ask to see and also hear this machine. You are perfectly welcome to come at any time, for we want the people of Jacksonville and community to know of this wonderful tone-quality of the Columbia Favorite Grafonola.
